Zoning Board of Appeals Meeting - August 12, 2026
--

**** ZBA Minutes Being Provided as a Courtesy - Not Officially Approved****

Zoning Board Members Present were:

Chairperson JoAnn Mammone, Jeffery Dingman, Sarah Collignon, Cosmo Pellegrino, and Kari Puleo.

Also Present Were:

Attorney Dwight Kanyuck, Engineer Tim Carpenter, Anthony Lucenti, John Werczynski, and Butch Luther.

Chairperson Mammone opened the meeting at 5:03 P.M. and led the people in the Pledge of Allegiance to the Flag.

**Presentation/Review of SEQR (State Environmental Quality Review) for the
Acadia Energy Corp/Gaetano Solar Project:**

Attorney Dwight Kanyuck presented an update on some outstanding issues regarding the Gaetano Solar project. He and Engineer Tim Carpenter carefully reviewed and presented their Resolution and SEQR Narrative with a detailed checklist.

The type 1 action included small-minimal or no impacts geologically, to the water table, surface water (a SWPP was implemented), emissions, plants/animals, agricultural resources, aesthetic, historic (The State Historical Preservation Society had no issues with the cemetery located on the property), open space/recreation, critical environmental, transportation, energy, noise, odor, light, human health, and community/visual landscape.

A board member asked additional questions about the water run-off.

Close SEQR for Project:

A motion was made by Puleo, second by Collignon to close SEQR for this project; all in favor.

A motion to adopt a negative declaration was made by Collignon, second by Pellegrino; all in favor.

Approval for a Resolution adopting a Conditional Special Use Permit:

The attorney explained that this document will have conditions and details of the project, meetings, resident concerns, decommissioning plan – essentially a recap of what has been discussed & the quantifiers regarding the project.

A board member asked what would happen if the company deviates from the plan. The Town would work with the Codes Officer on that.

A motion to approve the conditions for a Special Use Permit was made by Puleo, second by Collignon; all in favor.

The attorney asked about the escrow account being replenished. He will get the invoices from the Town Clerk to do that.

Motion to Close Meeting:

There being no additional business, a motion to close the Zoning Board of Appeals meeting was made at 5:32 pm. by Puleo, second by Dingman; all in favor.

Submitted by Sarah Collignon and Jeffery Dingman

Planning Board Meeting - August 5, 2026

** Planning Board Minutes Being Provided as a Courtesy - Not Officially Approved**

Planning Board Members Present were:

Chairman Victor Costanza, Vice Chairman David Fusillo, Jean Finster, James Digristina, Michael Ritter, and Robin Lindsay.
Absent: Dan Tripoli.

Also Present Were:

Patrick Theodossiou, John Piseck, Steve Boisvert, Jason Kantak, Vincent Rossi, Michael Fotia, Councilman Dale Dodge, Councilman Joseph Juliano, Pietro L. Palmari, Secretary Jeffery Dingman, and Recording Secretary Sarah Collignon

Chairman Costanza opened the meeting at 6:01 P.M. and led the people in the Pledge of Allegiance to the Flag.

Public Hearing Regarding Project Mohawk:

Patrick Theodossiou from SunCap Property Group, LLC started off by saying how impressed they are with the IDA site and working with the Town of Schuyler. That is why they want to have their project here. Jason Kantak gave an update on the project: they have finished the geotechnical, EAR (Environmental Assessment Report), and SWPPP (Stormwater Pollution Prevention Plan) reports. The DOT (Department of Transportation) review was updated to include the entire business park and they are getting positive feedback from them. There was a lighting analysis and a noise study done, and there are no concerns there.

Board members and one resident asked questions clarifying the drainage concerns, specifically if the SWPPP would be followed during the development of the project. The applicant assured the board that this will be done in phases and there will be regular inspections by multiple sources.

Board member asked about the fire hydrants and access for the fire department, the kinds of vans that will be used at the facility and what the traffic impact would be. The applicant said that the traffic from this site is specifically scheduled to off-set normal commuting traffic (opposite of peak times).

The applicant hopes to break ground in early October and be finished in September of 2027.

A board member asked if this project will be put out to bid locally. The applicant indicated that some contracting and sub-contracting will be put out locally and some will not.

Close Public Hearing:

The Public Hearing was closed by Chairman Costanza at 6:27 P.M.

Open Planning Board Meeting

Motion to Approve Minutes:

Motion by Fusillo, second by Digristina to approve the July 7, 2026 Planning Board minutes; all in favor.

The board discussed closing SEQR (State Environmental Quality Review), adopting a negative declaration, and approving the project; however, the applicant requested that they hold off until the next meeting which will be held on September 2, 2026 at 6 P.M.

Motion to Close Meeting:

There being no additional business, a motion to close the Planning Board meeting was made at 6:31 P.M. by Digristina, second by Lindsay; all in favor.

Submitted by Sarah Collignon and Jeffery Dingman

THE SCHUYLER CHRONICLES**September 2026 Issue 27****Schuyler District #7 One-Room School House**

Our guest contributor this month is Joe Ladd. He kindly submitted recollections of his early school years at Schuyler District #7 one-room schoolhouse located on Cosby Manor Road. My sister Anne and brother Ed also attended the school. It definitely was a different day and age. Enjoy!

'Many residents of Schuyler over a number of generations attended District #7 School. The school closed in 1963 so the last students attending are now senior citizens. As a youngster, memories, at least in my case, are fragmented and connected to people and things that highlighted the time for me. My grandmother, Myrtle L. Mower, was my teacher and the teacher of all grades and all subjects at #7 for 40 years. She left us with a legacy of records, pictures, letters, and artifacts of her time at our school. In later years, I came to appreciate how much motivation, preparation, and effort she applied in her role as a teacher. Myrtle had exceptional support from Schuyler residents, parents, officers, and trustees who clearly supported a great education for their children. District #7 was very effective and successful. Many of Myrtle's students went on to graduate at the top of their classes and led successful lives and careers. Myrtle never spoke of any of her personal efforts or of obstacles she faced. It seems that her ultimate enjoyment and reward was her life and times with the students in Schuyler as the teacher at District #7.'

Joe also included a list of specific memories of his time at #7. Although I didn't attend school there (I had the honor of being in the first kindergarten class in 1963-64 at Deerfield School), I often went with my Mom to visit the school especially when there were special occasions, such as upcoming holidays or Christmas plays. I remember some of these things as well.

- ~The BIG portrait of George Washington on the wall ~Halloween 'spook houses'
- ~Large slate (and heavily used) blackboards on the walls ~Teacher ringing bell to end recess
- ~A frog pond in the back of the schoolhouse ~Pencil sharpeners, erasers, and inkwells at desks
- ~Putting wet boots around the bottom of the circular silver wood stove to dry and putting potatoes on the top of the stove to bake!
- ~Carrying drinking water from Keida's neighboring farm. Students would be rewarded to do this based on good behavior. Two students carried the pail by its handle on a wooden beam between them.
- ~Christmas programs where students would perform plays, recite poems, and sing songs for families.

**District #7 Myrtle Mower School**

This is the last class picture taken in 1962 before it closed.

Pictured left to right:

Edward Gonciarz (my brother), Buddy Hall, Fred Rockwood, Ron Czepiel, Beth Rockwood, MaryAnn Keida, Mara Olin, and teacher Ethel Cosnet (with unidentified dog).

Thank you Joe for sharing these memories with us. It was a good solid upbringing where you learned respect and the value of community. If anyone has memories to share, please call the TOSHS at 315 917-3334 and request a Memories Project pamphlet. Your memories may also be shared in a future Schuyler Chronicle.

Christine Proulx, Recording Secretary TOS Historical Society

Town Board Public Hearing and Meeting - August 12, 2026

Town Board Members Present:

Supervisor John Werczynski, Councilmen Dale Dodge, Joe Juliano, Eric Kane, George Luther III

Also Present:

Town Clerk Kristin Salamone, Clerk to Supervisor Jeffery Dingman, Highway Superintendent Phil Johnson and Town Residents Gary Lesniak, Marion Bruins, Anthony Klimek, Judith Pasick, Angela DeMichele, JoAnn Mammone, Anthony Lucenti, Sarah & Doug Collignon, Michael Lavelle, Chris & Rick Proulx, Joe Salamone, Josh Phillips, Herkimer IDA Chairman V Jim Bono, Cosmo Pellegrino, MRB Representative Tim Carpenter, and Attorney Dwight Kanyuck.

Open Public Hearing:

Supervisor Werczynski opened the Public Hearing at 5:45P.M. He asked if anyone had any concerns or comments regarding a 12-month Moratorium on Data Centers within the Town.

Resident Gary Lesniak commented that Gov. Kathy Hochul signed a 1-year Moratorium for NYS on 50MW Data Centers. However, his concern is the 30MW Data Centers that can squeeze in and then increase to 50MW. His other concerns are the effects on the environment, the energy grid, the water, the noise level and the residents in the area that will be affected. He added once they're here, we'll never get rid of them.

Resident Marion Bruins commented that Data Centers do not benefit the community. They do not bring jobs to the community nor do they pay their way. She asked the Town to not let Data Centers use up the community's resources without adequate compensation.

Councilman Juliano commented they use more water than we can handle here. The water should be for our residents not Data Centers. He also stated they use a lot of power. Our grids cannot handle that much power. Juliano commended Councilman Dodge for wanting this moratorium for the Town. Councilman Kane agreed. Supervisor Werczynski commented our Town does not have the infrastructure to operate a facility like a Data Center.

Resident Judith Pasick asked if we ever do proceed to have a vote for Data Centers within the Town to please educate the community on what's involved with having Data Centers and what utilities are used.

Councilman Dodge asked Secretary Jeff Dingman to notify the Planning and Zoning Boards to put on their agenda over the next 12 months to come up with zoning regulations regarding Data Centers after the moratorium expires in a year. Juliano asked about a permanent moratorium. The Town can only extend moratoriums.

Councilman Kane thanked Attorney Dwight Kanyuck for representing the Town very well. Kanyuck asked if the Board had any questions about the Community Host Benefit Agreement. No one did.

Open Town Board Meeting:

Supervisor Werczynski called the regular meeting before the Town of Schuyler Town Board to order at 5:58 P.M. and led the people in the Pledge of Allegiance to the Flag.

Town Board Meeting - August 12, 2026 cont'd.

Motion to Approve 12-Month Moratorium on the Approval, Permitting, Construction, Expansion, or Establishment of Data Centers within the Town of Schuyler:

Motion made by Kane; seconded by Juliano; all in favor.

Motion to Approve the Minutes:

Motion made by Dodge; seconded by Juliano to approve the Town Clerk's minutes from July 8, 2026 meeting; all in favor.

Motion to Pay Bills:

Juliano questioned bill from C2AE. The bill is tabled until explanation is clarified. Werczynski questioned the bill for mower blades. Highway Superintendent clarified the bill. Motion made by Kane for remainder of bills; seconded by Luther; all in favor.

Town Clerk Report:

Town Clerk Salamone reported she completed the necessary paperwork for the Speed Limit Study on Newport Road. The paperwork was forwarded to Herkimer County Highway Superintendent who forwarded it to Herkimer County Department of Transportation. A letter was received in the office today stating the study has been initiated. Results will be sent when the study has been completed.

Codes Officer Report:

Supervisor Werczynski read the Codes report. Seven building permits have been issued and construction plans from Byrne Dairy were received and will be reviewed. Plan review will begin following completion of the Project Mohawk permit process.

Highway Report:

Highway Superintendent Johnson reported the crew have been getting the roads ready for chip sealing. Several towns will be assisting with trucking. The crew is on the 2nd round of roadside mowing. Juliano inquired about mowing on the sewer line road and if the main roads are visible. Johnson answered yes, he mowed in July and will hit it again. Kane asked about the Frankfort bridge. Johnson answered the bridge is still solid to drive over.

Assessor's Report:

Nothing new to report.

Extravaganza Report:

Chairman Cosmo Pellegrino said he began the event with \$5,500.00 on the budget line. He said he received \$6,500.00 from donations: \$2,000.00 from Mastrovito Auto Group, \$1,000.00 from Hale Manufacturing, \$1,000.00 from Chris Lambert & Associates, \$500 from Ryan Aldrich Trucking, \$1,000 from Fountainhead Group, \$1,000 from Town of Schuyler to help cover costs of the fireworks, \$500 from V Jim Bono and \$500 from Joe Juliano, giving the 2026 event a operating budget of \$ 13,000.00.

Town Board Meeting - August 12, 2026 cont'd.

Extravaganza Report cont'd.:

At the June board meeting, he submitted a voucher on behalf of the committee for \$6,071.36 to cover most expenses for the event leaving \$6,928.64. On the day of the event, he received income from the car show, vendor fees, lottery raffle, and Hot Air Balloon rides. He said there are a few outstanding invoices from John's Jons, the fireworks, the dumpster, and Kunkel for EMS standby which the committee felt was necessary because a couple of people suffered heat exhaustion at last year's event. He returned \$ 3,146.00 in cash to the Town Clerk. Once those invoices are paid; it's estimated that \$4500.00 will be left to carry over in the line item for next year's event. The date for next year's event is August 14, 2027.

Pellegrino also noted that when the highway department had items stolen, the Extravaganza trailer also had items stolen consisting of two 10'x10' tent tops, extension cords, tie-down straps and some miscellaneous items. They didn't realize these items were stolen until they took inventory.

Pellegrino also thanked Highway Superintendent Johnson and his crew for excellent job, as usual, for setting up the tents and tables and moving trailers for this event. He thanked the Extravaganza committee members, Chris & Rick Proulx for putting together gift baskets for finalists from the corn eating contest and all the sponsors for all their hard work to make this event possible. The committee has some ideas to explore for next year's event, for example handicap parking. The new field will be designated for handicap parking. Also, Byrne Dairy and Stewart's provided free ice cream coupons. Donna Salamone provided 40 free passes for the upcoming Herkimer County Fair. These were handed out to about 1000 people at the Extravaganza. Pellegrino thanked the Town Board members for their support. He received a round of applause from everyone in the room for the great job he and his team did! Councilman Dodge complimented Pellegrino and his team for being very committed to this event. Councilman Juliano stated the event was well organized.

Supervisor's Report:

Motion made by Dodge; seconded by Juliano to pass a resolution for Designation of Section 504 Coordinator (ADA Compliant) to be Kristin Salamone; all in favor.

Motion made by Kane; seconded by Luther to approve the hiring of Kristen Sanderson as Full-time Court Clerk; all in favor.

Motion made by Dodge; seconded by Juliano to approve the Court Justices and Court Clerk to attend Conference in September; all in favor.

Town Clerk Salamone made the Board aware of the relocation of National Grid pole at 2090 State Route 5. Supervisor Werczynski will need to call to coordinate the relocation of the electric service and to have the newly relocated service inspected by an authorized electrical inspection agency. O'Connell Electric was suggested for the job.

Planning Board and IT Report:

Secretary Dingman stated at the last board meeting, regarding Project Mohawk, they were asked to hold off with final approval of the project until next month's meeting.

Town Clerk Salamone informed Secretary Dingman that CCNY was in the office on Tuesday and hardwired both clerk's computers.

Town Board Meeting - August 12, 2026 cont'd.

Zoning Board of Appeals Report:

ZBA Chairwoman Mammone reported a meeting was held earlier and the Board conditionally approved the special permit use for the Gaetano Acadia Solar project. All conditions were met. The State Historical Society approved the plan. The project will be built around Root Cemetery putting up trees within certain footage.

Another matter brought to the Board's attention by Mammone is the issue of the amount the Zoning Board members get paid for a meeting versus how much the Zoning Board charges per application as the Town is losing money. Mammone will research what other towns charge for their meetings for application fees and provide her findings by next month's meeting.

Water Board Report:

Mohawk Valley Water Authority Representative Dodge stated the next meeting will be held on Monday, August 17, 2026.

Public Comments:

Resident Michael Lavelle inquired if a letter was ever sent to Pattern Power. Town Clerk Salamone read aloud information she received on July 7, 2026, from Chip Readling of Pattern Power. The letter stated the project is owned by Cordelio Power, the project is still active, it remains in the same footprint, the output is still 20MW ac and this has not changed, and the project was started and momentarily delayed. Cordelio intends to restart the construction this year and have the project online in mid-2027. Lavelle also inquired about a \$37million loan that was taken out in October 2025 and paid back by April 2026 right before the project had been sold from Cordelio to Pattern. Salamone also reported that both families met and both were happy on the agreement reached. Pellegrino stated Cordelia and Pattern merged together according to Chip Readling. They are one in the same, not two different companies.

Resident Chris Proulx reminded the Board and residents the Schuyler Historical Society's Community Picnic is this Sunday, August 16th. The picnic begins at 12noon. There will be door and raffle prizes, lots of food and visiting, and Anthony Lucenti will be firing off his cannon.

Resident Anthony Klimek wanted to bring to the Board's attention the property on Newport Road that is zoned residential; however, the owner of the property is parking/storing his equipment on this property for his business. Klimek believes he's using this property for commercial use instead of residential use. Codes Officer Bianka Rico is monitoring the property.

Secretary Dingman reminded the Town's people that it's Dumpster weekend again. Saturday August 15th and Sunday August 16th.

Resident Pellegrino commented that given what happened with the break-in at the Town garage, he's also heard about other break-ins in the area. He's also noticed that cars are driving faster than they should on Cosby Manor Rd. He is asked if it's possible if the Town to reach out to the State Police to see if they can perform extra patrols in the Town to try and deter some of this behavior.

Town Board Meeting - August 12, 2026 cont'd.

Public Comments Cont'd.:

Resident Marion Bruins commented that vehicles are going in excess of the speed limit, but what concerns her more is the motorcycles that drive very fast by her house on Newport Rd. Resident Judith Pasick also commented on how fast motorcycles fly on Brown Rd. Councilmen Kane and Juliano replied the Town is always sending in requests for speed limit studies. Not all are excepted. Highway Supervisor Johnson commented that the NYS sets the speed limits.

Resident Josh Phillips expressed his concerns about the County's road construction work that is taking place on Baum Rd to widen the road. His property gets flooded out constantly. He reported his losses of money and cows over the years. Smaller culverts were replaced with bigger culverts leading to his property flooding and turning to mud. He also expressed concern for future of McKennan Rd from years of erosion from the creek. He's asking for a solution such as to keep the ditch on the northside and put bigger culverts in. Josh understands this is a County project, but he just wanted to let the Board members know what's happening in the Town. Dodge suggested the Town sending a certified letter from Highway Superintendent Johnson stating his serious concerns for McKennan Rd washing out. This way the Town has something on record.

There being no further business to come before the Town, a motion to close the meeting at 7:03P.M. was made by Kane; seconded by Luther; all in favor.

Town Board Special Meeting - August 14, 2026

3:34P.M.

Board Members Present:

Supervisor John Werczynski, Councilmen Dale Dodge, Joe Juliano, George Luther III.

Also Present:

Town Clerk Kristin Salamone.

Motion to Waive the 48 hours:

Motion made by Juliano; seconded by Dodge to waive the 48-hour notice; all in favor.

Supervisor Werczynski called the special meeting to order at 3:34 P.M.

Motion made by Dodge; seconded by Juliano for a resolution that the Board approves entry into the Host Community Benefit Agreement consistent, the Board approves the Host Community Benefit Agreement and the Board approves Supervisor Werczynski to execute the necessary documents with Cosby Manor Solar I, LLC and Cosby Manor Solar II, LLC; all in favor.

Motion to Close:

Motion to close the special meeting at 3:41P.M. made by Juliano; seconded by Luther; all in favor.

Minutes Submitted by Kristin Salamone, Town Clerk

The 2026 Town of Schuyler Community Picnic Hosted by the TOS Historical Society

The day was Sunday, August 16 and what a day it was!! Rain was in the forecast but luckily it never came. It was sunshine and blue skies all the way. All 118 attendees enjoyed lunch, desserts, visiting, and meeting new people.

The Bowie Road Town Park kitchen was busy busy busy. Many thanks to our three chefs ready and waiting at the grill (pictured to the left to right), Jim Bono, Anthony Lucenti, and Tim Riecker. They did a fantastic job of keeping up with demand. All other sides and desserts were prepared by our members and a few volunteers.

Shortly after lunch we all had fun waiting for Anthony Lucenti to fire off his canon. In the end he received a round of applause. There were tweaks that needed to be made but it was fun and LOUD. He's already working on some improvements for next year's picnic.

Congratulations to Kim Artessa who won the grand prize in our raffle. I hope she enjoys relaxing in the set of two cushioned patio chairs. Thank you to everyone who bought tickets. There were also many door prizes given out. I hope everyone who won one is pleased with what they received.

Below are just a few of the 118 guests at our Community Picnic. (Photo by volunteer Lucas Zarnoch.)

Pictured above: Darryl Gillette and Anthony Lucenti after the big bang.

(Pictured to the left) Congratulations to our youngest attendee, Alora Haskins, who won a \$25 cash prize just for being our youngest attendee. She is pictured here with her parents Hunter Haskins and Yasmina Miri.

Libby Tedesco, above, is creating some big bubbles to entertain the children (and adults) who attended. (Photo by Lucas Zarnoch)

Our guests also enjoyed Libby's corn display, Rocks and Minerals of Schuyler display, and our mobile Little Free Library. Please visit our main Little Free Library at the Town Office.

A HUGE thank you to all members who worked tirelessly to bring this event to the community. The event would not have been successful without our wonderful volunteers: Lucas Zarnoch, Karen Hamberger, Bess Zarnoch, Tim Riecker, and Jim Bono. Thank you to our park groundskeeper, Mike Keefe. We appreciate your assistance in setting up and we enjoyed the venue.

We hope all of our guests enjoyed the Community Picnic. We hope to see you at the park on August 15, 2027!!

East Schuyler Miller Cemetery

The annual meeting of the East Schuyler Miller Cemetery is scheduled for September 27, 2026 at 2:00 P.M. at the East Schuyler Methodist Church located at 116 Church Road, Schuyler.

For any information needed, please contact Harry Robbins at 315-269-0861

Free to a good home!

A Schuyler resident is looking for someone to help clean out his late wife's sewing room.

He said there is a sewing machine with attachments and a cabinet. Also free for the taking are a drawer full of ribbons, unfinished sewing projects, yards of unused fabric, fiberfill for pillows, and a spool rack for thread.

If anyone is interested, please leave a message on the TOS Historical Society's voicemail box with your name and phone number and we will contact this gentleman with your information.

Our phone number is 315 917-3334.

2026 Schuyler Car and Corn Extravaganza

Congratulations to Cosmo Pellegrino and the 'Corn Crew' for their countless hours to make the 26th Annual Car and Corn Extravaganza another Huge Success!!!

Mark Your Calendars for Saturday, October 24th!!

Additional Photos from the Community Picnic!!

SCHUYLER CAR & CORN EXTRAVAGANZA

A few additional photos from our Car and Corn Extravaganza!!

Congratulations to Oliver on winning Best of Show with his 1967 Mercury Cougar XR7! Oliver's car will be on next year's complimentary dash plaques.
