	SPL	DES	ID						
Name of MS4 Town of Schuyler	N	Y	R	2	0	А	3	2	7

Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for <u>each</u> of the following positions as indicated below:

- 1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
- 2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
- 3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
- 4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
- 5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- O Principal Executive Officer/Chief Elected Official
- O Duly Authorized Representative
- O Local Stormwater Public Contact
- O Stormwater Management Program (SWMP) Coordinator
- Report Preparer

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

A variety of public participation activities occured during this reporting period. These included stream cleanup events, community cleanup events, public meetings, and the Annual Report Review. The Annual report and the SWMP Guidelines were made available for public viewing on our website. In addition, we also posted articles in our newsletter and on our website.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Our monthly newsletter has a large circulation and includes stormwater related articles throughout the year.

C. How many times was this observation measured or evaluated in this reporting period?

0 0 1 2

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

• Yes O No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

We have utilized funding from both state and local sources to improve stormwater management practices by using alternative and traditional practices ranging from grass swales and rain barrel to stormwater retention ponds. We have taken a more active role in the preliminary design phase of new construction projects to encouage erosion control.

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one).	
On behalf of an individual MS4	
On behalf of a coalition	

The information in this section is being reported (check one):

How many MS4s contributed to this report? 0 0 1

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.
